NEW BUSINESS RESTRICTIONS

American Modern® is committed to the California market and carefully manages and evaluates its concentration of risk. These evaluations use objective, industry-standard methodologies, such as total insured value and/or other exposure measures, to assess exposure in defined geographic areas. Recent evaluations have led American Modern to implement new business restrictions in certain areas of California.

- ▶ The American Modern Property and Casualty Insurance Company (American Modern) **Homeowners** program is designed for the owner occupied or seasonal home that is not eligible for coverage in the Standard Market due to age, claims, value or size of dwelling.

- ▶ All submittals must be OWNER-occupied or SEASONAL and in average or better condition.
 - **“Average or better condition”** means the home is structurally sound with no sagging porches or rooflines. Heating, wiring and plumbing systems are to be in good working order and the roof will be in good condition. The home must reflect pride of ownership in the maintenance and upkeep of both the dwelling and premises, including the yard, trees and shrubs.

 - **“Unacceptable condition”** includes, but is not limited to, broken or boarded up windows, excessive debris, appliances outside of the home, abandoned junk cars, unrepaired vandalism or damage, excessive paint peeling, missing/damaged siding, damaged, worn, lifting, curling roofs or sagging porches and roofs.

 - **“Excessive Debris”** means debris scattered on or around the premises showing neglect over a period of time, including garbage, appliances, tires, discarded autos, blocks, bricks, and excessive personal belongings. A small debris pile that is created from the maintenance on the home is acceptable as long as the pile appears to have been recently created and is intended to be removed shortly.
